

## Free Ceffyl Dŵr Coloring Page

The Ceffyl Dŵr is a creature from Welsh folklore. There are different ideas about this magical horse. It has been called both extremely dangerous and merely mischievous. According to legend, it can be found most often in pools of water. It can shape shift and fly, rising into the mist hanging over quiet waters.

For this coloring page, I showed the ceffl dŵr taking form from the mist on a moonlit night, and because this made me think of a beautiful luna moth, I gave the ceffl dŵr the luna moth's wings and antennae. I hope you enjoy this coloring page!
